2nd Floor

Phoenix, AZ 85003

Zoning hearing officer

I would like to support C&S Sporting Goods (ZA-390-18) with their request for the use permit and variance application for their new store at 12st and Northern.

I am a phoenix native and a retired phoenix fire paramedic (30 years). I and my family have been customers with C&S both at their 7st location and their new 12st location. Both stores have always been top notch with well organized inventory, competitive pricing and an asset to the neighborhoods surrounding them by their commitment to having high quality new and used merchandise that athletes of all ages can afford and enjoy.

I as a life long resident of phoenix and customer of C&S Sporting Goods I STRONGLY support this new store improving this shopping center and neighborhood.

I ask that you approve this use permit and variance.

Sincerely

Keith Kennedy
