How will TSMC and its suppliers affect employment opportunities in the area?

Major job growth

- TSMC is expected to create:
  - 6,000 direct manufacturing jobs
  - More than 20,000 accumulated unique construction jobs, and tens of thousands of indirect jobs in this decade

U.S. Department of Commerce

Mayor and Governor Statements on Importance of TSMC

"[TSMC] will be able to continue expanding in our city, creating thousands of high-wage jobs and fueling economic growth for generations."

- Phoenix Mayor, Kate Gallego

"TSMC's growth and investment right here in Arizona will continue to show the world that our state is the best place for businesses to invest."

- Governor Katie Hobbs

Other companies that support TSMC's process and chip production are bringing even more new jobs to the area.
